

SCHOOL INTEGRATED PROGRAM

THE SMARTEST WAY TO
REACH YOUR CAREER GOAL

A SPIRIT WITH A VISION IS A DREAM WITH A MISSION...

With a vision and mission to achieve the desired educational impact, we seek to be a premier education service facilitator with a holistic approach to create a conducive environment for the optimum development of the inherent abilities in every student under our care. Our vision is to see the students brimming with confidence and composure as they take successful strides on their journey to excellence.

Our sole mission is to establish centers of excellence for imparting quality education through research and innovation. We believe that practice, persistence and performance are the three pillars of education that can contribute to nation building.

Mentoring and moulding young minds across the country and inspiring them to strive, seek and succeed in every endeavor of theirs is what we aim for.

About Us

A premier institute that specializes in training students to excel in competitive entrance examinations. STUDY VAULT programs cater to the divergent demands of the students by offering classes within the stipulated school timings and also on weekends. Keeping in mind the time constraint on the students, STUDY VAULT program offers a perfect combination of a regular school program along with rigorous mentoring for competitive examinations. Since its inception, STUDY VAULT has stood by its principles of integrity, commitment and unswerving dedication to the cause of the students. STUDY VAULT is one of the leading organizations, training students for IIT-JEE/ foundation, for Medical & many other competitive examinations. This has been achieved, by primarily focusing on providing all the necessary inputs to students to help them achieve their aspirations.

STUDY VAULT has always believed that the quality of the faculty and teaching is pivotal in providing quality training. Good teaching does not merely impart knowledge, but should also inspire, guide and motivate the students. Realizing this, STUDY VAULT attaches greatest importance to selection of its faculty, who are not only eminently qualified, but also have specialized experience in preparing students for the various competitive entrance examinations. STUDY VAULT endeavours to set up school projects across India to deliver quality yet affordable education through its Institutional Classroom Program.

STUDY VAULT's institutional classroom programs run in key partner educational institutions like Delhi Public School Indirapuram, Lotus Valley International School Noida, Delhi Public School Sector-45 Gurgaon. These programs are offered to motivate students, aiming to crack JEE Main/ Advance, other competitive and entrance examinations like NTSE, NSTSE, NSO, IMO, SAT, ACT etc.

The students are bound to gain from our excellent Study Material and Pedagogy, revised and perfected over the last two decades. STUDY VAULT program stands out because of its eminently qualified and well experienced faculty, well designed course material, rigorous testing and dedicated attention to each of its students at an affordable cost.

STUDY VAULT assures each student of a unique experience and provides them with the key to unlock their future, unravel their dreams and soar higher.

COMING TOGETHER TO REDEFINE EDUCATION

**Coming together is the beginning,
Keeping together is progress,
Working together is success...**
—Henry Ford

OUR ASSOCIATE PARTNERS

Our institutional class room programs run in prestigious educational institutions. These programs are however offered to fairly motivated students, aiming to crack IIT JEE & other competitive examinations like NTSE, NSTSE, NSO, IMO etc. Not only will this program give the students a winning edge in the competitive exams, but it will also prepare them thoroughly for the regular NCERT course.

Our Mentor's

Every great journey begins with self confidence and the belief that "I" can and We at DPS Indirapuram constantly strive to boost this self confidence of our students and help them explore their full potential by creating an environment of excellence. In order to further enable our students to realize their dreams we take pride in bringing to you the School Integrated Program (SIP) in association with our learning partner Study Vault. Closely monitored and mentored by the school, the SIP nurtures students to excel in their endeavours to qualify for various competitive exams across the country. The SIP empowers students with conceptual knowledge of Mathematics and Science by strengthening their fundamentals and clearing their doubts. The highly qualified, experienced and result oriented faculty handpicked from prestigious institutes train the students systematically, constantly motivating and guiding them in this journey. The program also focuses on certain integral aspects like time management, regular feedbacks, healthy competition and stress-free, learner-friendly ambience.

As the program works single mindedly towards bridging the gap between the aspirations and achievement of the students, we take immense pleasure in sharing with you our success story. Over 70 percent students from the second batch of school integrated program have qualified for IIT-JEE MAINS (2018). Over 60 percent students have qualified IIT-JEE Advance (2018) with All India Ranks as good as 28 long with other good ranks. The CBSE XII Board results have also been phenomenal in SIP section.

Competition is everywhere and it is becoming tougher with each passing day. With the collective efforts of students and their parents no dream is too distant to achieve, no road too difficult to travel. SIP walks hand in hand with the students in the journey of their setting new benchmarks, climbing every mountain, fording every stream, following every rainbow till they find their dream.

Mrs. Sangeeta Hajela
Principal
DPS Indirapuram

Dr. (Mrs.) Ruchi Seth
Principal
Lotus Valley
International School
Noida

Lotus Valley International School takes pride in bringing to you the School Integrated Programme (SIP) in association with our learning partner Study Vault Education Pvt. Ltd. We constantly strive to boost the self-confidence of our students and help them to realize their potential by creating an environment of excellence. The SIP has empowered students with conceptual knowledge of Mathematics and Science. The classes are taken by highly qualified, experienced, dedicated and result-oriented faculty from premier institutes of the country who understand each student's learning needs and train them accordingly, hence mentoring them in this journey. Periodic feedback and doubt clearing sessions during the weekend classes help students strengthen their understanding of the concepts taught.

The SIP ensures systematic coverage of the C.B.S.E. syllabus along with rigorous preparations for competitive exams without compromising on the student's involvement in co-curricular activities in a learner friendly school environment. The programme not only focuses on preparing students for competitive exams like National and International Olympiads, N.T.S.E. etc. but also on aspects like time management, motivation and self-learning. The healthy competition provided within the classroom prepares them for the inescapable competition that they have to eventually face in the outside world.

I am certain that this program will hone the talent of our young learners and aid them in actualising their true potential.

I wish the Study Vault team the very best in their endeavours.

Excellence, Confidence, Empathy and the ability to make informed decisions are among the skills required by students to carve a future of their dreams. Each pantheon of education believes in striving for the best and we at DPS Gurgaon aim in moulding our students as brave and confident leaders of tomorrow. By giving them an environment par excellence, we inculcate in them the urge to primarily focus on dreaming a future whilst working hard to achieve their endeavours. To provide a strong base to our students, for a life that is about to unravel outside the periphery of the school, we proudly bring forth the School Integrated Program in association with our learning partner Study Vault. The program working in tandem with the school, plays a pivotal role in providing quality guidance to the students to chisel their concepts and prepare them for various competitive exams across the country, like National and International Olympiads, N.S.T.S.E, IIT-JEE etc. The highly qualified, competent and result-oriented faculty, mentors the students and caters to their needs, guiding and motivating them throughout their journey. The program focuses thoroughly on time management, learner friendly environment, periodic feedbacks and helping the students face their examinations with a stress free mind. It helps in honing the skills of the students with a better understanding of their conceptual knowledge, without compromising on their co-curricular involvement, thus resulting in the holistic development of one and all.

After two years of the Study Vault classes it is heartening to receive positive feedback from parents and students. The SIP teachers work hard to ensure that not only do the children master the prescribed curriculum but go way beyond too.

I am confident that in the years to come Study Vault will benefit more and more students!

Ms. Aditi Misra
Director Principal
DPS Gurgaon

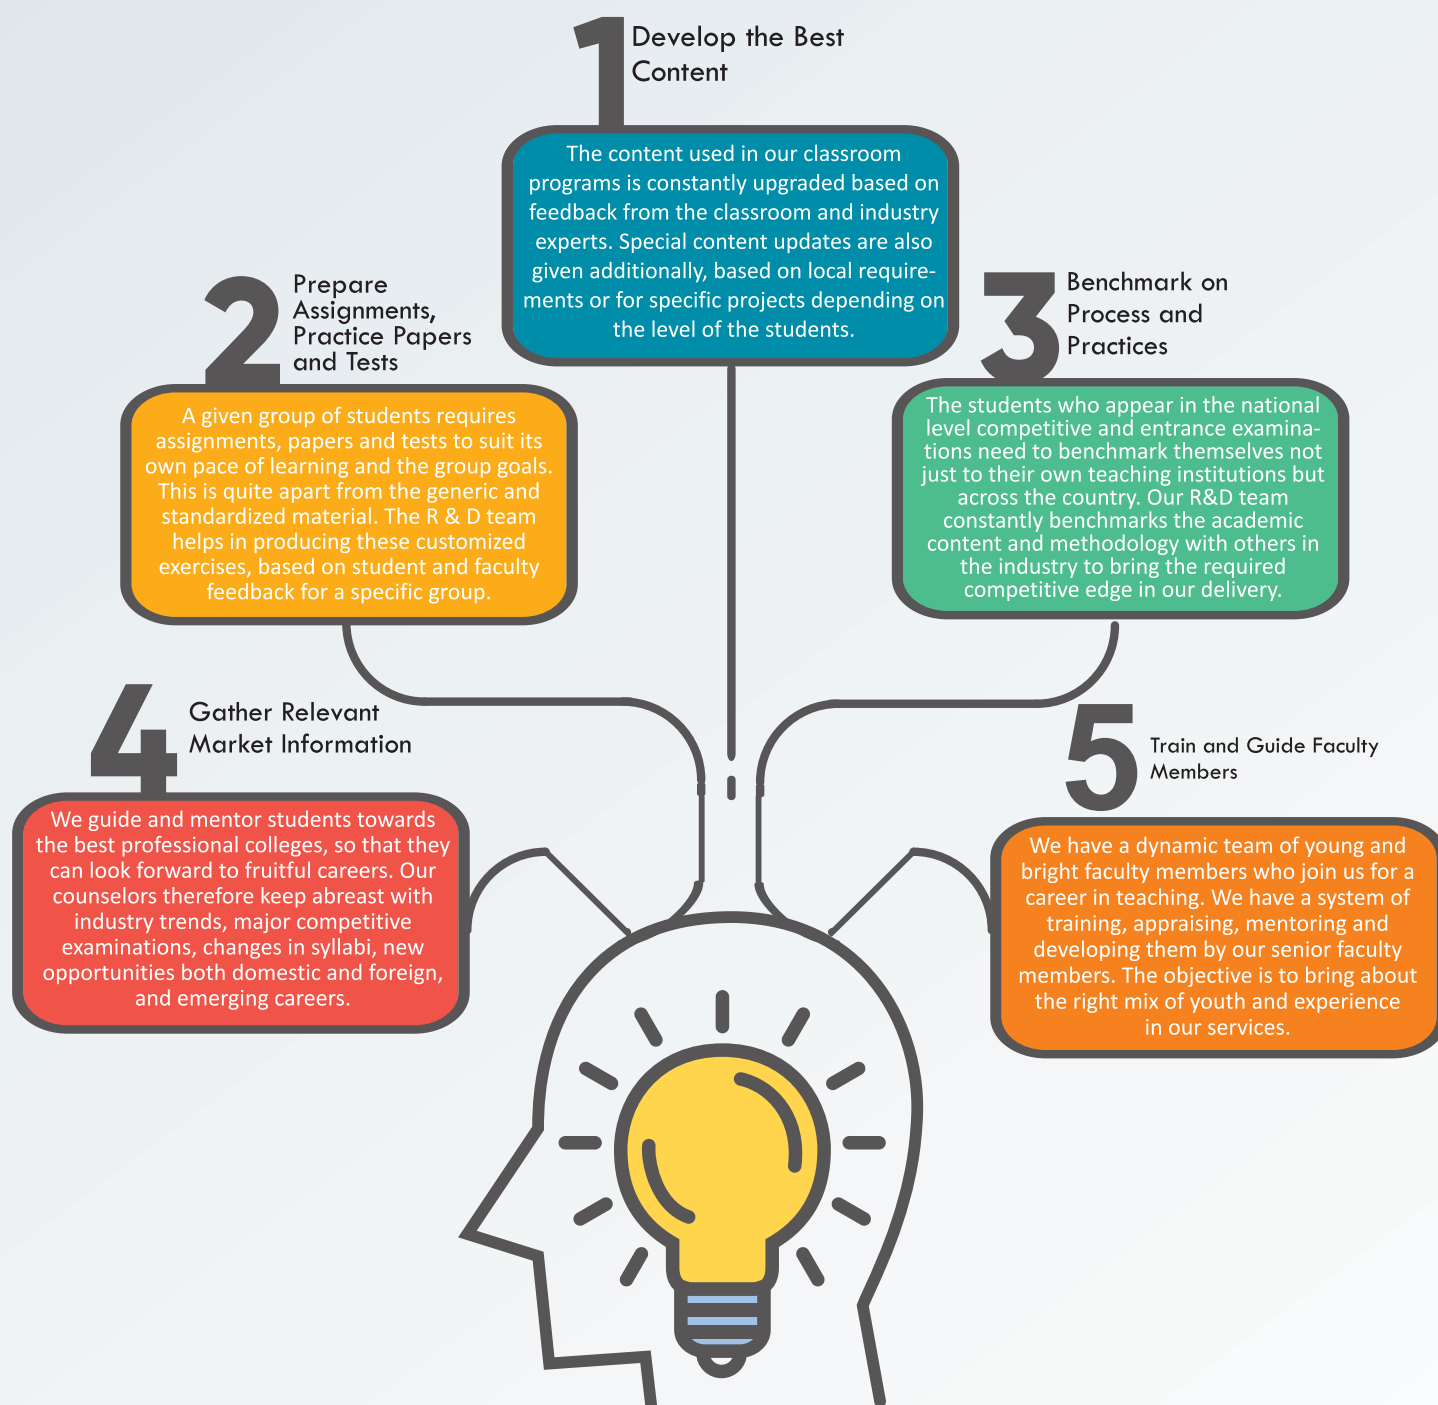

A NOTCH ABOVE THE REST...

The circle of SIP turns full; empowering students to evolve into confident young learners with advanced analytical and problem solving skills, ready to delve deep into the sea of knowledge and take up every challenge with ignited spirits and minds.

GOING THE EXTRA MILE...

The passion to excel, to come up with latest strategies, set new bench marks of achievement is what fuels Team SIP. Learning at SIP is an ongoing process, wherein the dynamic team members are themselves engaged in constant research, market study, content development and upgradation in order to give the students a unique learning experience to be cherished, for a life time.

path-breaking trends

All About STP...

About School Integrated Program (SIP)

School Integrated Program (SIP) is a program in which the students of classes VII to XI will be screened and a separate section will be formed. These students will be taught by highly experienced and qualified faculty of Physics, Chemistry, Biology & Mathematics. These faculty members specialize in preparing students for various competitive examinations. This entire program will run within the school hours. The highlights of School Integrated Program are:

- A study program with a synergetic approach to both the School / Board studies as well as IIT-JEE & other competitive & entrance examinations.
- A study program that eases out the pressure on students through meticulous time management and planning, thus creating a perfect balance between preparation for boards, school exams, competitive examinations as well as giving sufficient time for self-study and extra-curricular activities.

Fruitful Association

Students enrolling in this program will have an integrated study plan wherein they will be prepared for both school / board as well as competitive exams by Study Vault. This would mean that the students would not be going through two separate schedules and classes for the same subject.

Meticulous execution

The School Integrated Program enables students to imbibe fundamental concepts of Science and Mathematics by sharpening their analytical and parallel thinking skills. This makes them capable of creatively resolving complex and tricky problems by merely application of basic concepts.

Clockwork Precision

As this programme focuses on efficient time management, a separate time table will be made for students enrolled under this programme i.e., Physics, Chemistry, Biology & Mathematics. All other subjects will be taught by school teachers. These students will learn the school syllabus and prepare for the competitive exams simultaneously. The primary focus will remain on C.B.S.E. and they will also be appearing in all the school tests. The expert faculty team will follow the school session plan for C.B.S.E. and will also prepare the students for other competitive and entrance examinations.

Mentoring with Passion

We have a panel of highly experienced and qualified full-time faculty from various institutions like IITs, NITs and other reputed institutions. These faculty members have been teaching for years and have produced many IITians, and other scholars while working with some of the leading coaching institutions in the country.

Personalized Attention

The batch size of a section would not exceed 40-42 students, this facilitates proper student-faculty interaction. The faculty of this program will be available on every Saturday for extra classes and doubt sessions etc. Hence, there will never be a problem for any student in clearing their doubts. This will also save their time of taking help from other teachers or opting for any other classes for these subjects.

Overall Comprehension

A comprehensive study material will be provided to all the students in this program. This study material has been specially designed by the Study Vault faculty after intensive research and caters to the individual interests of the learners. It will not only help them grasp the basic concepts of each topic in a simplified and clear manner but also enable them to tackle complex advanced problems with ease and confidence.

Feedback & Felicitation

A detailed performance report is issued online after every Progressive Test (PT). We conduct Parent's Teacher Meet (PTM) after every quarter, however, parents can share feedback anytime through their personal online account on our website. Parents can also visit their respective centres by taking an appointment according to their convenience.

Revision & Booster Classes during Summer Vacation

To prepare students for competitive exam and for thorough revision of the covered syllabus, conduct revision & booster sessions during summer vacations. These classes, although recommended are not mandatory as we don't move the course ahead in these classes. School bus/transport facility will not be available during these classes.

Fee Refund Policy

The Fee for any course is charged in installment and the details are mentioned in the brochure. Fee once paid is non-refundable and non-transferable. Parents/students, can opt to withdraw from the course after one academic session, and will not be liable to pay any fees further.

STEP-1

Entrance Process

An entrance test will be conducted on **Friday, 11th October, 2019**. Based on the performance in the Entrance cum Scholarship test, students will get to know their School Rank and Zonal Rank. School Rank is rewarded to a student on the basis of the result evaluation among the students appeared from their respective school. However, the Zonal Rank is rewarded based on the evaluation of all the students appeared in the exam across Delhi/ NCR. Admission to the course will be granted on the merit list based on school rank.

Seats available for SIP

Class-VII going to VIII (Beginners Program)	-	80 Seats
Class-VIII going to IX (Gateway Program)	-	60 Seats
Class-IX going to X (Milestone Program)	-	30 Seats
Class-X going to XI (Milestone Program)	-	80 Seats

STEP-2

Result Declaration and Admission Process

The results will be announced on the Study Vault website (www.studyvault.in) and on the School's notice board, on **Thursday 31st October, 2019**. All the students appearing in this test can check their results online and could see a **scanned copy of their Original Answer (OMR) sheet along with a detailed performance report**. Selected students will have a letter of selection, mentioning the further process of admission. The last date of admission is **Monday, 25th November, 2019**. Admission to the selected students will be provided on first come first serve basis as there are limited seats in the program.

STEP-3

Scholarship Details

Scholarships will be awarded to both the School Rank and Zonal Rank achievers, based on the criteria mentioned in the brochure. Students achieving both School and Zonal Rank will be eligible for both the rewards. The eligibility for scholarships is only valid for students enrolling in the courses of Study Vault. A minimum of sixty percent (60%) of total marks are mandatory to be eligible for scholarship apart from the rank. Scholarships will be rewarded by cheque in favor of the student and scholarship is subject to 85% of attendance in the enrolled course programme.

STEP-4

Batch Formation and Time-Table

A separate section is formed with the enrolled students and a different time-table is designed for this section. The time-table for class VIII, IX & X is designed in such a way that one hour of Mathematics and one hour of Science classes are scheduled for at least four days in a week. For class XI & XII, there are four hours of classes scheduled for Physics, Chemistry and Mathematics for at least three-four days in a week. Except for Mathematics and Science all other subjects will be taught by the school teachers. The students will learn the NCERT (school syllabus as per school guidelines) along with competitive exams preparation. The expert team of faculty members will focus on the NCERT, basic foundation, in-depth concept knowledge and will also prepare the students for other competitive exams that they are aspiring for.

STEP-5

Orientation for Parents

Before starting a new academic session, an orientation program is organized for all the new parents. In this orientation program, each parent will have a detailed information on how does the School Integrated Program (SIP) function. An insight of the entire annual process is discussed along with the faculty introduction. A detailed annual academic calendar is provided to all the parents. It is a very important event and it is mandatory for all the parents of the enrolled students.

STEP-6

Academic Process

We follow a five step teaching process :

1. Delivery on NCERT Level
2. Practice for NCERT
3. Delivery on Competitive level
4. Practice for Competitive level
5. Surprise Chapter-wise test

Apart from this teaching process, we also have a strong system of testing and doubt clearing. There are various kinds of tests to evaluate the child from subjective and objective point of view. We also have a strong doubt session system that enables each student to address their doubt at the right time. Children can ask doubts during free time in the school, can stay back after school or can come on any Saturday which is a fixed doubt session day.

Syllabus of Entrance cum Scholarship Exam

	Class VII (going to class VIII)	Class VIII (going to class IX)
PHYSICS	Heat Motion & Time Light	Force & Pressure, Friction Sound, Reflection & Refraction
CHEMISTRY	Acid, Bases & Salts Fibre to Fabric Water : A precious resource	Synthetic Fibres & Plastics, Metals & Non-metals Coal & Petroleum, Combustion & Flame
BIOLOGY	Nutrition in Plants, Nutrition in Animals Respiration in Organisms, Weather, Climate and adaptation of animals to climate	Crop Production & Management Micro-organism Cell- Structure & Function
MATHEMATICS	Integers, Fractions & Decimals, Lines & Angles Simple Equations, Triangles & its properties Exponent & Powers, Data Handling	Rational Numbers, Linear Equation in One Variable, Understanding Quadrilaterals Square & Square Roots, Cube & Cube Roots Comparing Quantities, Mensuration
	Class IX (going to class X)	Class X (going to class XI)
PHYSICS	Motion, Force & Laws of Motion Gravitation	Light, Reflection & Refraction, Electricity Magnetic Effects of Electric Current The Human eye & the Colorful World
CHEMISTRY	Matter in our Surrounding Is matter around us pure? Properties of Matter & Solution Atoms & Molecules	Chemical Reactions & Equation Acid, Base & Salts Metals & Non-metals
BIOLOGY	Cell: The Fundamental Unit of Life Tissues	N/A
MATHEMATICS	Number System, Polynomials, Co-ordinate Geometry Lines and Angles, Triangles Quadrilaterals & Area, Mensuration	Real Numbers, Polynomials, Linear equation in Two Variables Quadratic Equation, Trigonometry Statistics & Probability, Mensuration

ENTRANCE TEST DETAILS

Question Paper Pattern				
Class	Subject	Time	Questions	Marking
VII, VIII & IX	MAT	60 mins	60	+3 / -1 / 0
	Maths & Science	120 mins	90	+3 / -1 / 0
X	MAT	30 mins	30	+3 / -1 / 0
	PCM	150 mins	120	+3 / -1 / 0

NOTE: +3 will be awarded for a Right Answer, -1 will be awarded for a Wrong Answer, 0 will be awarded for No Attempt.

School Integrated Program Test -2019

SCHOLARSHIPS

For class VII, VIII, IX & X (going to class VIII, IX, X & XI) in session 2020-21

The below mentioned scholarships will be offered to the students who enrol for:

- Three Year School Integrated Program for Class VIII - **BEGINNERS** — Top 5 Ranks
- Two Year School Integrated Program for Class IX - **GATEWAY** — Top 5 Ranks
- One Year School Integrated Program for Class X - **MILESTONE** — Top 5 Ranks
- Two Year School Integrated Program for Class XI - **ACHIEVERS** — Top 5 Ranks

School Rank	Tuition Fee waiver for School Integrated Program	Zonal Rank	Cash Reward
1	100%	1	Rs. 100000
2	80%	2	Rs. 75000
3	80%	3	Rs. 50000
4	50%	4	Rs. 40000
5	50%	5	Rs. 30000

- Note:**
1. The eligibility for scholarships is only valid if the student enrolls for the above said program of Study Vault.
 2. The scholarships will be awarded only to the candidates who have scored a minimum of 60% in the scholarship entrance test.
 3. Zonal Ranks will be calculated on the collective result of all the schools. The Cash reward for Zonal Rank 1 to 5 will be applicable to all schools offering SIP Program, for each class separately.
 4. The Tuition Fee waiver for SIP School Rank will vary from school to school and it will be intimated through a detailed circular after the declaration of the test results.

BEGINNERS

Three Year Foundation Program for IIT-JEE/ Medical

For the Student of Class VII going to Class VIII

This course has been designed to empower students to score high in C.B.S.E. examinations and develop sound foundation for IIT-JEE & other engineering / medical entrance examinations. The program trains students in Science and Mathematics of class VIII, IX & X from the basic level and equips them with skills to apply the concepts for solving higher level problems.

This course will include comprehensive coverage of CBSE syllabus of Science and Mathematics subjects in a synchronized way and all those additional & relevant topics of higher level will also be taught at this stage to inculcate analytical skills, problem solving ability and better understanding of the Core-concepts required for IIT-JEE and various competitive examinations like NTSE, NSO, IMO, NSTSE etc.

Academic Session : April'20 to February'23
Course Duration : 650 Hours
Fee : Rs. 185000 + GST (18%)

PROGRAMS OFFERED...

BEGINNERS - School Integrated Program for Class VIII FEE DETAILS				
	Amount (INR)	GST	Total Amt. Payable	Date of Payment
Admission Fee	20000	3600	23600	At the time of Admission
Books & Study Material	12000

Fee installment amount may vary in case of any change in the Govt. taxation policy.

ACHIEVERS

Board cum Two Year Classroom Program for IIT-Mains & Advance

For the Student of Class X going to Class XI

Board-cum-Two Year Classroom Program is one of the most effective courses for IIT-Mains & Advance and C.B.S.E. examination preparation. With 698 hours of classroom interaction comprising 650 hours of basic training plus 48 hours of final revision, this program prepares students for both IIT-Mains & Advance and school curriculum of Physics, Chemistry & Mathematics (PCM). In this program, the students are first taught the C.B.S.E. level PCM and finally elevated to the higher IIT-Mains & Advance level by giving sufficient time for an extensive preparation. Extra care is taken to ensure that the sudden transition from class X to XI goes smoothly along with IIT-Mains & Advance curriculum. The students are first prepared for the difference of syllabus, thereby bridging the gap between class X & XI so that there is a smooth transition from class X to XI.

Academic Session : April'20 to April'22
 Course Duration : 698 Hours
 Fee Details : Rs. 2,20,000 + GST (18%)

ACHIEVERS - School Integrated Program for Class XI FEE DETAILS

Study vault gave me strength to face challenges that came in my way. The concepts were explained by the faculty and made clear even when I asked again in doubt sessions. The team had always been there for any queries after classes and even provided extra classes for my weak topics. The faculty worked really hard to teach the entire domain of JEE so that nothing gets left out. The regular class tests, quizzes and progressive tests conducted by study vault also helped me to improve exam temperament. The mock tests were also really helpful.

I would like to thank Study vault for giving me proper directions and path to my dreams.

I joined Study Vault School Integrated Program (SIP) in class IX.
I found the class environment to be very engaging and interactive. The teachers were extremely well versed in the subjects and explained each topic in detail. They also exposed us to a variety of questions on each topic. All the teachers were always ready to help by providing doubt sessions. The study material and DPPs were very impressive and beneficial and the weekly & monthly mock tests helped me greatly.
This preparation helped me a lot and I was able to clear NTSE in class IX, KVPY in class XI & KVPY in class XII with an AIR of 87. Therefore, I would like to thank the team of Study Vault for all the valuable time and support they provided.
Thank you Study Vault!
